

BOARD LEGACY DOCUMENT - BOARD'S WORK IN REVIEW

A Board Legacy document is being developed for the purpose of providing a comprehensive handover report from an outgoing Library Board to an incoming one, ensuring continuity of governance, strategic direction, and operational awareness.

It captures the work and impact of the Board's term in celebrating the projects, partnerships, and progress that have strengthened the SDG Library and the people it serves. It also offers a thoughtful guide for the incoming Board, ensuring a smooth transition by outlining the priorities and plans that will help keep our Library growing in ways that matter to the community.

CRYSLER BRANCH EXPANSION FEASIBILITY SURVEY

The Chrysler community were invited to take a survey designed to gather feedback and suggestions regarding the proposed expansion of the Chrysler Branch.

The survey gathered information on what the community valued and were hoping to see included in the updated space with regards to facility features, services and programs.

This input is incredibly important, and we look forward to sharing the results with key stakeholders, as the community's voice will help shape the direction of the improvements that move forward.

The Board also had the opportunity to review the first draft of the architects' floorplan, an exciting early step in imagining what the expanded Chrysler Branch could become.

UPCOMING VOLUNTEER APPRECIATION EVENT

As part of the upcoming National Volunteer Week, the SDG Library is hosting a **Volunteer Appreciation Event on April 9** to celebrate the many people who give their time, skills, and heart to our Library. This includes not only our branch volunteers, but also our Friends of the Library groups, whose fundraising and advocacy help bring new resources, programs, and enhancements to our branches.

The generosity of all our volunteers strengthens the Library in countless ways, and we feel incredibly fortunate to have such dedicated supporters enriching our community. We invite everyone to join us in recognising their contributions.
